Cattlemen,

Welcome to our Red Power Performance Bull & Female Sale! This is 80 years that our family has been in the registered cattle business! Yes it's time to celebrate but also time to look back on why we've been successful. Over recent years we have noticed there has been over 80% repeat customers. This shows our cattle must be working and we must be treating people right if they are coming back.

Again this year we have a great group of powerful yearling bulls that runs deep in quality. The sale heifer pen is loaded with good ones again - many with show potential. This is one of our best groups ever!

Our family has been in the registered cattle business since 1936 and we are committed to providing you great Red Angus & Herefords that are productive, problem free and developed to last. Contact us if you have any questions.

Sincerely,
The Olsons

We sampled Mission Nexus in our herd and just sold a daughter at the ND Red Select for \$9000 to the Lodoens at Westhope, ND. Dam is a first calve heifer by Trust and Juana - a Red Spread daughter that always brought in a good one. This is a good bull that has a very good EPD profile and nice performance. If not for the 86# birth weight he would be a great heifer bull!

A good Saga heifer right from the heart of our replacements! Dam is a first calf heifer that has done a great job here. She looks a lot like her mom with lots of capacity, udder quality and angularity. The Landmarks are proving that they are very maternal also. This heifer has pedigree estimated EPD's for now.
